Committee Staff Members

STATINTL

1. On 22 August 1975 [redacted] Review Staff, called to advise me that he had worked out an arrangement with Mr. Jack Boos of the House Select Committee regarding the proper protection of results of interviews of our employees by HSC Staff Members.

STATINTL

2. [redacted] specifically indicated that an informal agreement had been arranged with Mr. Boos whereby at the conclusion of interviews with our personnel by HSC Staff Members, a decision will be made as to the classification of the notes taken. Once this is established and on the basis of the notes being classified and are sensitive, the Agency will provide a courier to transport those notes from the Agency to the House Select Committee on the Hill for appropriate storage.

STATINTL

3. [redacted] said that this agreement had been worked out informally with Boos and they hoped to avoid this matter having to go to Chairman Pike for resolution. I told Brown that it appeared to be a workable system from our standpoint.

4. The above is for your information.
